## **INTRODUCTION:**

### **THE 2011 - 2012 CAPITAL ESTIMATES**

The Capital Estimates presented to the Legislative Assembly represent the Government of Nunavut's proposed appropriations for the 2011-2012 fiscal year for planned capital. The amounts represent all capital expenditures to be incurred during the twelve-month period beginning April 1, 2011, and ending March 31, 2012.

The Capital Estimates indicate the total requirement for individual departments, the Nunavut Housing Corporation and Nunavut Arctic College. The expenditures related to each department are further described by branch and project.

The Legislative Assembly of Nunavut is requested to appropriate funds at the departmental level for capital expenditures for the fiscal year ending March 31, 2012. Further details of expenditures at the branch level and by type of expenditure are provided for information, but do not require specific Legislative Assembly approval.

Departmental Mission Statements and Branch descriptions are provided to clarify the purpose of capital expenditures and the roles and responsibilities of departments and branches.

The Detail of Capital sections of this document provide the 2011-2012 budget for proposed Vote 2 capital projects in the 2011-2012 fiscal year. Data for prior years' budgets and the 2012-2016 Capital Plan are shown for multiple year projects for which an amount is included in the 2011-2012 budget.

Detailed information relevant to the Capital Estimates is provided in the following areas for each department, as applicable:

- Accounting Structure Chart (how the department's financial accounts are organized)
- Department Summary (including mission)
- Branch Summary (appropriation requirements by control object)
- Detail of Capital (by community)
- Information Items
- Regional Distribution of Budget

The financial information in the Capital Estimates is presented on a comparative basis, at the government, department and branch level for 2010-2011 Capital Estimates and 2010-2011 Revised Estimates. The 2010-2011 Revised Estimates include the 2010-2011 Capital Estimates and appropriations approved through the 2010-2011 Supplementary Appropriation (Capital) Acts No. 1, 2 and Special Warrants. In addition, information on the 2009-2010 actual expenditures is provided.

Appendices II and III provide details of the Five-year Capital Plan for the Government of Nunavut by department and community, respectively.

Appendix IV provides a detailed listing of the third party funding of capital projects to be completed by departments for the Gas Tax Fund, Municipal Rural Infrastructure Fund, Building Canada Fund, Canada Mortgage and Housing Corporation, Recreational Infrastructure Canada, Infrastructure Stimulus Fund and Indian and Northern Affairs Canada. It details the funding provided by the third party over the five-year capital plan. In addition, it sets out the Vote 2 contribution of the Government of Nunavut to the total cost of the project.

Appendix V provides a comparison of multi-year capital projects to original budget, revised budget and actual cost for all projects completed in 2009-2010.

## **FIVE YEAR CAPITAL PLAN**

### **INTRODUCTION**

While subject to revision each year, the Five Year Capital Plan provides a framework for review of the Government's future capital expenditure priorities, including planned expenditures for the forthcoming budget year, 2011-2012.

The Standing Committees reviewed the Capital Plan in September 2010, prior to tabling of the 2011-2012 Capital Estimates in the Legislative Assembly in October 2010.

The Five Year Capital Plan outlines \$122.5 million in expenditures for 2011-2012, and a total of approximately \$365.1 million over the five year Capital Plan period. Projects are arranged by department and community.

The Department of Health & Social Services will receive 28% of the total appropriations in 2011-2012 to build a new health centre in Repulse Bay and complete renovations of the Qikiqtani General Hospital. Other major capital expenditures by department include; the Department of Community and Government Services, to receive 28% and the Nunavut Housing Corporation to receive 20% of the total appropriations for 2011-2012.

The Plan details expenditures planned primarily from Vote 2 - Capital. Complete budget details of projects which are jointly funded with contributions from third parties and the Government of Nunavut are provided in Appendix IV – Other Funded Infrastructure Projects.
